

RANCHO CARACOL®

Wild Quail & Dove — *Ultimate Ambiente!*

All dogs will point and hold birds, have been roaded for the last four weeks and have current vaccinations.

Experience

- The 1-3 year olds have been worked with pen raised birds, with little wild bird experience.
- The 4-5 year olds have all hunted wild birds for 1-2 seasons.
- The 6 -10 year olds are the pros, they have seen more birds than most dogs do in twp lifetimes.

Stamina

- "Good" rating means that the dog has lots of wind and can hunt hard day after day even in tough conditions.
- "Fair" rating means that the dog can hunt every day, but will tire more quickly and will hunt best under cooler conditions.
- "Poor" rating means the dog cannot handle hot weather well, and is a good weekend hunter only.

Range

Key: C=Close (20-40 yards), M=Medium (40-80 yards), F=Far (80 yards or as far as you let them go)

- A dog with a C rating does a good job at close range; these dogs work best hunting on foot.
- A dog with a C/M rating does a good job at both close and medium range.
- A dog with a C/M/F rating does a good job at all ranges.
- A dog with an F rating does a good job 80+ yards; these dogs work best hunting from the truck.

Handling

- "Good" rating is a dog that responds to the whistle or horn of the truck and rarely needs to be shocked with a collar.
- "Fair" rating is a dog who responds to whistle or horn but will need reminding you are asking him to do something w/ electric collar
- "Poor" rating is a dog that has little or no obedience and will need work before he is ready to hunt.

Please see the next page for the listing of dogs!
